EDUCATION	**Higher school of economics**, Moscow, Russia *Faculty of computer science, Computer science and data analysys* GPA: 7.45 **Subjects studied:** Maths, Programming on C++ and Python, Algorithms and data structures
PROJECTS	**ZKB Coffee**: The Android application developed by the team "Coffee shop chain with the functionality of adding a point on the map". It contains a working application with a linked Yandex map and fully implemented design and functionality. I was developing the design side of this application.
COMPUTER SKILLS	**Programming** Knowledge in programming languages C++ and Python programming languages, as well as knowledge in algorithms. Also knowledge in fundamentals of industrial programming and teamwork.
ACHIEVEMENTS	**The team Olympiad "Vishaya Proba"** Diploma of the second degree winner **Moscow programming school** Diploma of successful completion of 4 courses
EXPERIENCE	**No experience**
INTERESTED	I am interested in team work and working with new projects or developing existing ones. I am more interested in programming on C++ language.
MOTIVATION	Finally I want to say, that it will be the big honor for me to work in Yandex, because I can learn a lot of new things about working in large companies and learn more things about languages I am using.
